Yes<sup>3</sup>: with UM-1 adaptor plate

### Feature Key:

**1)** VESA mounts bolt directly to VESA compliant displays.

**6)** Provides a fast and accurate installation tool.

**2)** Provides a clean installation by routing A/V cables within the arm.

**7)** The lateral position of the display can be adjusted for best fit.

**3)** Simplifies the installation by allowing display to be hung onto arm.

**8)** Adjusts to mount non VESA displays to a cantilever.

**4)** Allows for horizontal leveling of the display.

**9)** Distance display can be pulled from wall.

**5)** Portrait for PC and digital signage applications. Landscape for video.

**10)** Maximum weight the mount can support, including all accessories.
