

DHT-FS3

Home Theatre System

DENON

Dynamic surround sound in a simple way.

The DHT-FS3 is a family-friendly home theatre solution for music and movie lovers.

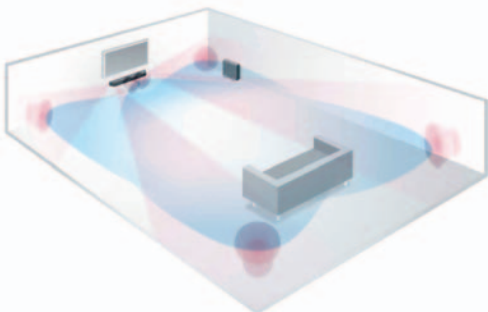

With X-SPACE SURROUND, letting you sit anywhere you like. With the DENON DHT-FS3 home theatre system, everyone can enjoy surround ambiance wherever they are sitting in the room. With just a slim front speaker unit and a supplied subwoofer unit, the DHT-FS3 home theatre system reproduces highly ambient surround sound. No confusing sound space settings required! Since the DHT-FS3 comes preset with the dimensions and acoustic characteristics of your room, all you need to do to enjoy your new home theatre is to connect your DVD player and TV monitor.

Bullet points

Home Theatre Sound Quality

- Surround sound with dynamic ambiance is reproduced with just a front speaker unit and a subwoofer unit.
- X-SPACE SURROUND masterfully reproduces the surround sound and expands the listening area.

The cabinet of the front unit contains 6 speakers. X-SPACE SURROUND is technology that uses those speakers to generate surround algorithms. The sound waves released from the speakers irradiate throughout the room, so that listeners hear the sound from the front left and right, the center, and the rear left and right. Since X-SPACE SURROUND sends the sound waves out over a wide area, listeners can enjoy surround sound at any location in the room.

- Comes with a subwoofer that reproduces deep, dynamic bass sounds.
- Supports all audio formats (Dolby Digital, DTS, Dolby Pro Logic II).
- Includes Dolby Headphone so that you can even enjoy surround entertainment late at night through your headphones.

Easy Setup, Easy Connection, Easy Operation

- No need for complicated settings.
- Slim design enables easy placement in front of the TV monitor (*1). (Wall mounting is also possible with supplied accessories.)
- Includes feet that can be used to adjust the height of the front speaker unit (25mm or 35mm).
- Designed to match flat-panel TV monitors of 30 inches or larger.
- Subwoofer features one-touch connection.
- Includes simple preset remote controller for performing basic operations such as changing TV channels or switching inputs.
- Convenient Auto Power Standby / On function

*1) Placement may not be possible with some TV models. Please check the dimensions of your TV and TV stand.

Connectivity & Expandability

- Supports the Denon Control Dock for iPod®
- Includes a Quick Setup Guide that makes connection and operation very easy.

Specifications

Front speaker unit

Type	
Rated output	22 W x 5 (6 ohms)
Input sensitivity	500 mV/47 kohms / 250 mV/47kohms (selectable)
Frequency response	Front: 150 Hz - 20 kHz DSW: 45 Hz - 150 Hz
S/N ratio	100 dB
Power supply	AC 120 V, 60 Hz
Power consumption	When power is on: 32 W In standby: 1 W or less
Speaker units	8 cm cone type x 6
Maximum external dimensions (W x H x D)	Without feet: 850 x 96 x 125 mm 33-15/32" x 3-25/32" x 4-59/64" With 25 mm feet: 850 x 111 x 125 mm 33-15/32" x 4-3/8" x 4-59/64" With 35 mm feet: 850 x 121 x 125 mm 33-15/32" x 4-49/64" x 4-59/64"
Weight	4.6 kg

Subwoofer

Type	1-way 1-speaker, bass reflex type
Playback frequency range	45 Hz - 150 Hz
Max. output	40W (IEC), 80W (PEAK)
Input impedance	3ohms
Speaker units	16 cm cone type x 1
Maximum external dimensions (W x H x D)	106 x 380 x 360 mm 4.17" x 15.0" x 14.2"
Weight	5.6 kg, 12.35 lbs

Remote control unit RC-1074
