

New!

Patented db 360 Compression Connection System

Complete with radial bubble compression (RBC) tool and one-piece bubble connectors for security professionals. Get an extraordinarily solid connection!

Solid Compression Connections...

- The db 360 Compression Connection System creates **two 360 ° compression connections** (one interior and one exterior) providing a **permanent, “double bubble” connection**.
- Ideal for security cameras and other exposed wiring installations. The unique double bubble connection **provides superior protection against moisture leakage limiting poor signal quality due to the elements**.

In A Complete System....

- ICM incorporates all necessary parts and tools into a complete system for each step of the installation process, **reducing costly errors and training time**.
- Our **patented CablePro radial bubble compression (RBC) tool and new line of bubble connectors** are designed to work together. And the CPLCRBC also works with F-Conn Basic F, RCA and BNC Series connectors so **installers can reduce the number of tools they carry**.

Patented Non-Blind Entry...

- ICM's **patented floating pin and non-blind entry design allow installers to see when the wire is set in the pin before compression**. The floating pin moves up independently as the wire is inserted, indicating proper positioning of the center pin. Non-blind entry lets installers see the wire entering the pin at the base of the connector, **ensuring a solid, secure connection every time. No guesswork involved**.
- Includes F, RCA and BNC connectors for 59 and 6. In addition, the **db 360 System has a full line of plenum sized connectors for installs requiring plenum wiring**.

Highest Quality Products and Manufacturing...

- ICM uses the **highest quality materials and metals on the market utilizing a proprietary manufacturing process**. There's **no cracking or snapping of connectors during compression** to ensure full 360° compression right from the start.

New db connectors:

F Connectors

- db59U
- db59PL2
- db59PL4
- db6U
- db6PL2

RCA Connectors

- db59RCASL
- db59RCAPL2
- db59RCAPL3
- db59RCAPL4
- db6RCAU
- RG59RCAWR
- RC6RCAWR

BNC Connectors

- db59BNCU
- db59BNC SL
- db59BNCPL2
- db59BNCPL3
- db59BNCPL4
- db6BNCU
- db6BNCPL2

Available CPLCRBC

Grip Colors:

- Blue
- Green
- Red
- Yellow
